

Hiroshima Support Center for International Students

Within Hiroshima International Center (Public Interest Incorporated Foundation), which promotes international exchange and multicultural coexistence, the specialty division for international student support was created. As it was made for international students, it offers widespread support from daily living to job hunting. We support international students through coordinating with Hiroshima Prefecture's schools, administration, and businesses, and through the joint organization "All Hiroshima."

広島県留学生活躍支援センター
Hiroshima Support Center for International Students

Living support

We support international students in their daily lives.

Scholarship

Through the contributions of Hiroshima Prefecture's businesses, organizations and citizens, we offer individual scholarships to approximately 70 international students who are paying tuition at their own expense.

Housing Guarantor System

Hiroshima International Center—a public interest incorporated foundation—will be a co-signer for international students to live in public or private housing.

Discount Card for Cultural Facilities in Hiroshima and HiCIS Members' Card

We offer discounted or free admission to cultural institutions within Hiroshima Prefecture. You can also subscribe to emails about event information when you apply.

One on One Japanese Study

We introduce foreign nationals who want to learn Japanese to volunteer Japanese teachers.

Target Japanese schools

University Experience Event

Do in person university visits, during which you may see the campus, sit in on a class, eat at the cafeteria, as well as ask older exchange students questions.

Information sessions on university acceptance

Directly hear about schools you are interested in, and learn about the pros of Hiroshima Prefecture's schools!

Foreigner Consultation Service (Every week Thursday and Saturday, 10AM~4PM)

We offer consultations on residency status, social insurance, work conditions, laws and human rights etc. Consultations are available in 12 different languages, so those lacking confidence in their Japanese ability, may receive help in their native language.

ALL HIROSHIMA ALL SUPPORT

HiCIS3 support system

International students of Hiroshima Prefecture, we're here to support you!

Exchange activities support

We hold exchange events with students from other universities and locals.

International Student Exchange Events

We host exchange events between international students and locals, deepening mutual connections and even making new friends!

Volunteering organizations

In order to assist with international exchange, participate in local festivals and school events. Introduce your home country, get to know locals, all while coming into contact with Japanese culture!

Hiroshima Study Abroad Ambassadors

They share information about the attractions and student life in Hiroshima to the rest of the world through Facebook and their website. Also learn about Hiroshima, come up with ways to solve local issues, and plan a project.

Employment support

We offer job hunting support and create a place to connect with Hiroshima businesses for international students desiring employment in Japan.

Practical seminar on job hunting

What is job hunting like in Japan? How do I write my resume? How should I approach interviews? Expert instructors will give thorough explanations.

Internships

Students can participate in internships at companies in Hiroshima Prefecture in order to experience work at a Japanese company.

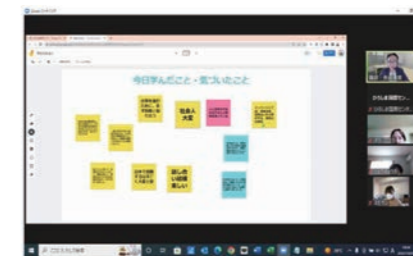

Company information meetings

Many businesses considering hiring international students gather, and give you the opportunity to talk directly with recruiters.

Individual job hunting consultations

Career consultants will provide kind and thorough support for your job search. You can also consult via phone, email, Skype or Zoom.

Business Japanese Class

Learn the basics of Japanese used in the workplace, including keigo, writing work emails and work phonecalls.
